

BarangayLink - Worker Manual

A complete guide for Workers (Staff Members).

Your Role

As a **Worker**, you complete tasks assigned to you by your manager or team leads. You're the backbone of the barangay - the one who makes things happen on the ground.

Your job is simple but important: - Complete your assigned tasks - Keep your status updated - Communicate any problems - Clock in and out properly

Getting Started

Logging In

1. Open BarangayLink in your browser
2. Enter your email
3. Enter your password
4. Click **Login**

If you forget your password: 1. Click "Forgot Password" 2. Check your email 3. Follow the link to reset

Your Dashboard

After logging in, you'll see your personal dashboard: - **Your Tasks** - What you need to do - **Today's Events** - Any events happening - **Notifications** - Updates and messages - **Quick Stats** - Your recent work

Where to Find Your Work

Click **My Duties** in the menu - this is your main work area.

You'll see: - All tasks assigned to you - Organized by due date - Color-coded by priority

Understanding Tasks

Tasks are your work assignments.

Reading a Task

When you open a task, you'll see: - **Title** - What the task is - **Description** - Details of what to do - **Due Date** - When it should be finished - **Priority** - How urgent it is - **Status** - Current state of the task

Priority Colors

- **Urgent** - Do this immediately
- **High** - Do this today
- **Medium** - Do this soon
- **Low** - Do when you can

Task Status

Tasks go through these stages:

Status	Meaning
To Do	Not started yet
In Progress	You're working on it
In Review	Done, manager is checking
Done	Completed!

Completing Tasks

Step 1: Start the Task

1. Go to **My Duties**
2. Find your task
3. Click on it to open
4. Click **Start** or **Clock In**

The timer starts - this tracks your work time.

Step 2: Do the Work

Go do the actual work. Simple as that!

If it takes multiple days: - Keep the task in "In Progress" - Come back to it tomorrow - Add comments about progress if helpful

Step 3: Finish the Task

When you're done:

1. Open the task

2. Add any notes (optional but helpful)
 - What did you do?
 - Any issues encountered?
 - Anything the manager should know?
3. Click **Complete** or change status to **In Review**
4. Your manager will be notified

Step 4: Wait for Review

Your manager checks the work: - If approved → Task moves to **Done** - If needs changes → Task comes back to you with notes

If it comes back, read the notes, make changes, and submit again.

Clocking In and Out

Track when you work.

Clock In

When starting work for the day: 1. Open your first task 2. Click **Clock In** or **Start** 3. You're now on the clock

Clock Out

When finishing work: 1. Open your current task 2. Click **Clock Out** or **Pause** 3. Your time is saved

Why This Matters

- Shows when you worked
 - Tracks time spent on tasks
 - Used for reports and payroll
 - Proves you did the work
-

Events and Duties

Sometimes you'll have event duties.

Viewing Your Event Duties

1. Go to **My Duties**
2. See tasks under "Event Tasks"
3. Or check the **Events** section

During an Event

1. Arrive at the event location
2. Find the check-in point (usually has QR code)
3. Scan QR or check in manually
4. Do your assigned tasks
5. Mark each task complete as you finish
6. Check out when done

Event Example

Event: “Barangay Fiesta”

Your duties: - ☐ Set up chairs - 8:00 AM - ☐ Assist with registration - 9:00 AM to 12:00 PM - ☐ Help serve food - 12:00 PM - ☐ Clean up - 4:00 PM

Check each off as you complete them!

Reporting Problems

Things don’t always go smoothly. Here’s what to do.

If You Can’t Complete a Task

Don’t just ignore it. Instead:

1. Open the task
2. Click **Add Comment**
3. Explain the problem:
 - “No materials available”
 - “Location is locked”
 - “Need more help”
4. Your manager will see it

If You’ll Be Late on a Deadline

Tell your manager before the deadline:

1. Add a comment to the task
2. Or message your manager directly
3. Explain why and give a new estimate

If Something Is Wrong

If you notice a problem during work:

1. Take a photo if possible
2. Add a comment to your task

3. Describe what you found
 4. Wait for instructions
-

Messages

Communicate with your team.

Reading Messages

1. Click the **Messages** icon
2. See your conversations
3. Click any to read and reply

Sending a Message

1. Go to **Messages**
2. Click **New Chat**
3. Select who to message
4. Type and send

When to Message

- Questions about tasks
 - Reporting problems
 - Asking for help
 - Updates that need quick response
-

Notifications

Stay informed about updates.

What You'll Be Notified About

- New task assigned to you
- Task deadline approaching
- Task approved or needs revision
- Messages from team
- Event reminders

Checking Notifications

1. Click the bell icon
2. See recent notifications
3. Click any to go to that item
4. Clear them when done

Don't Ignore Notifications

Notifications mean something needs your attention. Check them daily!

Common Situations

Situation: Starting Your Work Day

1. Log in to BarangayLink
2. Check **My Duties**
3. Look at what's due today
4. Start with urgent () tasks first
5. Click **Start** on your first task
6. Get to work!

Situation: You Have No Tasks

If your task list is empty: 1. Check with your manager 2. They may have work to assign 3. Or help a teammate 4. Don't just wait around

Situation: Task Instructions Are Unclear

If you don't understand what to do: 1. Read the task description again 2. Check comments for more info 3. Ask in the comments: "Can you clarify what you mean by...?" 4. Or message your manager directly

Don't guess and do the wrong thing!

Situation: You're Overloaded

If you have too many tasks: 1. Talk to your manager 2. Show them your task list 3. Ask which are most important 4. They can help prioritize or reassign

Situation: You Finished Early

If you finish all tasks: 1. Update all statuses to "In Review" or "Done" 2. Let your manager know 3. Ask if there's anything else 4. Help teammates if approved

Situation: You Need to Leave Early

If you can't complete a full day: 1. Tell your manager 2. Update your tasks: - Pause any in-progress - Note where you stopped 3. Log out properly

Tips for Success

Be Reliable

- Show up on time
- Complete what you're assigned
- Update your statuses honestly
- Communicate problems early

Be Organized

- Check BarangayLink every day
- Know your deadlines
- Work on urgent tasks first
- Keep track of your work

Be a Good Teammate

- Help others when you can
- Share useful information
- Don't blame, find solutions
- Celebrate team wins

Common Mistakes to Avoid

Forgetting to clock in Leaving tasks in "In Progress" for days Not reading task descriptions carefully Ignoring notifications Not communicating problems

Your Daily Routine

When You Arrive

- ☐ Log in to BarangayLink
- ☐ Check notifications
- ☐ Look at today's tasks
- ☐ Start your first task (clock in)

During the Day

- ☐ Work on tasks in priority order
- ☐ Update status when you finish something
- ☐ Take photos if relevant
- ☐ Add comments for important notes

Before You Leave

- ☐ Mark completed tasks done

- ☐ Update any in-progress tasks
 - ☐ Check if anything is overdue
 - ☐ Clock out
 - ☐ Log out
-
